Je T'aime Roland Topor 1999 Roland Topor died in 1997. The present volume sets out his legacy on love. His exuberant collection of vows of love shows that love must not be merely an inert action. According to Topor, "many individuals first discover the creative potency of words while making love." For others it is an erotic necessity to accompany the act with a commentary. Therein lie the thousands of variations which depend not only on different personalities, but also on the external circumstances and locations for love.

The Disney Queue Line Survival Guidebook Kimberly Button 2006

If Disney Ran Your Hospital Fred Lee 2004 Using examples from his work with Disney and as a senior-level hospital executive, author Fred Lee challenges the assumptions that have defined customer service in healthcare. In this unique book, he focuses on the similarities between Disney and hospitals--both provide an "experience," not just a service. It shows how hospitals can emulate the strategies that earn Disney the trust and loyalty of their guests and employees. The book explains why standard service excellence initiatives in healthcare have not led to high patient satisfaction and loyalty, and it provides 9 1/2 principles that will help hospitals gain the competitive advantage that comes from being seen as "the best" by their own employees, consumers, and community.

Toy Box Heroes! Christy Webster 2014-07-22 A skill-building reader features favorite Disney characters from a range of franchises, from Monsters, Inc. to Frozen, that appear in the popular 2013 game, Disney Infinity. Simultaneous and eBook. Video game tie-in.

The Paradox of Choice Barry Schwartz 2009-10-13 Whether we're buying a pair of jeans, ordering a cup of coffee, selecting a long-distance carrier, applying to college, choosing a doctor, or setting up a 401(k), everyday decisions—both big and small—have become increasingly complex due to the overwhelming abundance of choice with which we are presented. As Americans, we assume that more choice means better options and greater satisfaction. But beware of excessive choice: choice overload can make you question the decisions you make before you even make them, it can set you up for unrealistically high expectations, and it can make you blame yourself for any and all failures. In the long run, this can lead to decision-making paralysis, anxiety, and perpetual stress. And, in a culture that tells us that there is no excuse for falling short of perfection when your options are limitless, too much choice can lead to clinical depression. In The Paradox of Choice, Barry Schwartz explains at what point choice—the hallmark of individual freedom and self-determination that we so cherish—becomes detrimental to our psychological and emotional well-being. In accessible, engaging, and anecdotal prose, Schwartz shows how the dramatic explosion in choice—from the mundane to the profound challenges of balancing career, family, and individual needs—has paradoxically become a problem instead of a solution. Schwartz also shows how our obsession with choice encourages us to seek that which makes us feel worse. By synthesizing current research in the social sciences, Schwartz makes the counter intuitive case that eliminating choices can greatly reduce the stress, anxiety, and busyness of our lives. He offers eleven practical steps on how to limit choices to a manageable number, have the discipline to focus on those that are important and ignore the rest, and ultimately derive greater satisfaction from the choices you have to make.

Star Wars: The Force Awakens: Magnetic Book and Play Set Disney Book Group 2015-10-06 Magnetic Book and Play Set including two 16-page coloring and activity books, 6 play scenes, over 40 magnets. The handle will be on top of the case.
