Making Sense of DNA Backlogs, 2010 Mark Nelson 2011-01 Federal funding made available by the National Institute of Justice (NIJ) through the DNA Initiative helped state and local governments significantly increase the capacity of their DNA laboratories between 2005 and 2008. At the same time, the demand for DNA testing continues to outstrip the capacity of crime laboratories to process these cases. This report addresses the issue that crime laboratories are processing more cases than ever before, but their expanded capacity has not been able to meet the increased demand. The report examines what a backlog is and how backlogs can be reduced. Charts and tables.

Three Bags Full Leonie Swann 2010-10-29 A witty philosophical murder mystery with a charming twist: the crack detectives are sheep determined to discover who killed their beloved shepherd. On a hillside near the cozy Irish village of Glennkill, a flock of sheep gathers around their shepherd, George, whose body lies pinned to the ground with a spade. George has cared devotedly for the flock, even reading them books every night. Led by Miss Maple, the smartest sheep in Glennkill (and possibly the world), they set out to find George's killer. The A-team of investigators includes Othello, the "bad-boy" black ram; Mopple the Whale, a Merino who eats a lot and remembers everything; and Zora, a pensive black-faced ewe with a weakness for abysses. Joined by other members of the richly talented flock, they engage in nightlong discussions about the crime, wild metaphysical speculations, and embark on reconnaissance missions into the village, where they encounter some likely suspects. Along the way, the sheep confront their own all-too-human struggles with guilt, misdeeds, and unrequited love. Funny, fresh, and endearing, it introduces a wonderful new breed of detectives to Canadian readers.

The Man Who Died Twice Richard Osman 2022-07-26 An instant New York Times bestseller! The second gripping novel in the New York Times bestselling Thursday Murder Club series, soon to be a major motion picture from Steven Spielberg at Amblin Entertainment "It's taken a mere two books for Richard Osman to vault into the upper leagues of crime writers. . . The Man Who Died Twice. . . dives right into joyous fun." —The New York Times Book Review Elizabeth, Joyce, Ron and Ibrahim—the Thursday Murder Club—are still riding high off their recent real-life murder case and are looking forward to a bit of peace and quiet at Cooper's Chase, their posh retirement village. But they are out of luck. An unexpected visitor—an old pal of Elizabeth's (or perhaps more than just a pal?)—arrives, desperate for her help. He has been accused of stealing diamonds worth millions from the wrong men and he's seriously on the lam. Then, as night follows day, the first body is found. But not the last. Elizabeth, Joyce, Ron and Ibrahim are up against a ruthless murderer who wouldn't bat an eyelid at knocking off four septuagenarians. Can our four friends catch the killer before the killer catches them? And if they find the diamonds, too? Well, wouldn't that be a bonus? You should never put anything beyond the Thursday Murder Club. Richard Osman is back with everyone's favorite mystery-solving quartet, and the second installment of the Thursday Murder Club series is just as clever and warm as the first—an unputdownable, laugh-out-loud pleasure of a read.

The Spider Barry Levine 2020-10-20 Who was Jeffrey Epstein? A Pulitzer Prize-nominated journalist unearths never-before-reported details in the most comprehensive account yet of the disgraced financier's life, death, and criminal web, including the role of Ghislaine Maxwell. An ID Book Club Selection • Featured in the Peacock original documentary series Epstein's Shadow: Ghislaine Maxwell By now, the basic contours of Jeffrey Epstein's horrendous crimes—his decades-long serial abuse of young women and underage girls—are familiar. But for all that has been written about Epstein since his shocking death in a lower Manhattan jail cell, an astonishing amount remains unknown. A shy Brooklyn kid turned renegade financier, Jeffrey Epstein never wanted to play by the rules of polite society. He was elusive in life and he has remained just as elusive in death. What is known is that he had amassed nearly \$600 million by the time of his death. That fortune allowed Epstein to pursue a privileged, secretive life, jetting between his fortress-like homes in Manhattan, New Mexico, and Little St. James, his private island. Behind these closed doors, Epstein socialized with scientists and world leaders and preyed on powerless young women. In The Spider, Barry Levine shines a light into the darkest corners of Epstein's world, including • Epstein's young adulthood and earliest accusations of sexual misconduct • the murky sources of Epstein's fortune and business dealings • Epstein's circle of confidantes and employees, particularly the nature of his long relationship with socialite Ghislaine Maxwell • his ties to powerful men, including Bill Clinton, Prince Andrew, Les Wexner, and Donald Trump • Epstein's last hours as a free man in Paris and the secret operation to arrest him at a New Jersey airport before he could flee • new details on

Epstein's final days in jail and the mystery surrounding his death Featuring rare and never-before-seen photographs, The Spider exposes how Epstein operated and evaded justice for so long—and how he drew so many others into his criminal web.

Comic Crime Earl F. Bargainnier 1987 The humor of Sherlock Holmes, Donald Westlake, Agatha Christie, Michael Innes, and Edmund Crispin are just a few of those discussed. A major point highlighted by this book is simply that wit, slapstick, laughter, and an anything-can-happen motif appear in a significant amount of fiction about crime.

Interrogation and Torture Steven J. Barela 2020 "This book focuses on the science, law and morality behind interrogational methods. It develops, for the first time, a comprehensive discussion regarding the legality of torture and the efficacy of interrogation. In other words, scientific research has concluded that torture is not effective. This then raises a natural question: What interrogational methods are effective? How does one employ those methods in way that is consistent with law and morality?"--

Pre-Incident Indicators of Terrorist Incidents Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

I Am the Only Running Footman Martha Grimes 2013-05-14 In a rainy ditch in a Devon wood, a hitchhiker is found dead. Almost a year later, on another rainy night, another murder; this time, however, the victim is found just outside a pub called I Am the Only Running Footman, near Berkeley Square in London's fashionable Mayfair District. Devon policeman Brian Macalvie is convinced that the two murders are connected. And thus, in his eighth case, Richard Jury is drawn into the so-called Porphyria killings. A particularly elusive pair of murders. From the streets of London to the village of Somers Abbas, Jury and Macalvie are joined by the stolid if hypochondriac Sergeant Wiggins and the reluctant Melrose Plant. They meet in another pub, the Mortal Man, and, amidst the clatter and cry of the Warboys family, they ponder a labyrinthine set of clues.

Pentagon 9/11 2007 The response and subsequent performance of federal, state, and especially local agencies, in particular their coordination and cooperation with each other and with Pentagon authorities, provide lessons for dealing with other large-scale emergencies in the future. Dead Cert Dick Francis 1998-03-26 Dead Cert is a classic mystery from Dick Francis, one of the greatest thriller writers of all time. 'Admiral met the fence perfectly. He rose to it as if flight were not only for birds. And he fell.' Alan York's friend, jockey Bill Davidson, was killed in Admiral's fall. After the race, York visits the fence and discovers a coil of wire lying beside the fence post and signs of where the wire had been attached. The fall was no accident - but murder. Unable to convince the police of this, York is forced to turn amateur sleuth and is soon on the trail of a ruthless gang of race-fixers operating out of Brighton. Now Alan's caught in a new race: find the gang's leaders before the gang catches up with him . . . Packed with intrigue and hair-raising suspense, Dead Cert is just one of the many blockbuster thrillers from legendary crime writer Dick Francis. Other novels include the huge bestsellers Dead Heat, Under Orders and Silks. The Dick Francis legacy continues through his son Felix Francis: Refusal is his latest novel, following Bloodline and Gamble. Praise for the Dick Francis novels: 'The narrative is brisk and gripping and the background researched with care . . . the entire story is a pleasure to relish' Scotsman 'Dick Francis's fiction has a secret ingredient - his inimitable knack of grabbing the reader's attention on page one and holding it tight until the very end' Sunday Telegraph 'Still the master' Racing Post 'The master of suspense and intrigue' Country Life Dick Francis was one of the most successful post-war National Hunt jockeys. The winner of over 350 races, he was champion jockey in 1953/1954 and rode for HM Queen Elizabeth, the Queen Mother, most famously on Devon Loch in the 1956 Grand National. On his retirement from the saddle, he published his autobiography, The Sport of Queens, before going on to write forty-three bestselling novels, a volume of short stories (Field of 13), and the biography of Lester Piggott. Dick Francis died in February, 2010, at the age of 89, but he remains one of the greatest thriller writers of all time.

Surfeit of Suspects George Bellairs 2022 Following a mysterious explosion, the offices of the Excelsior Joinery Company are no more: three directors are killed, and the peace of a quiet town in Surrey lies in ruins. When the supposed cause of a faulty gas-main is dismissed, and evidence of dynamite revealed, Superintendent Littlejohn of Scotland Yard is summoned to the scene. But beneath the sleepy veneer of Evingden lies a hotbed of deep-seated grievances. Confounding Littlejohn's investigation is an impressive cast of suspicious persons, each

concealing their own axe to grind.

The Feather Thief Kirk Wallace Johnson 2018-04-26 SHORTLISTED FOR THE GOLD DAGGER AWARD 'A tale of obsession ... vivid and arresting' The Times One summer evening in 2009, twenty-year-old musical prodigy Edwin Rist broke into the Natural History Museum at Tring, home to one of the largest ornithological collections in the world. Once inside, Rist grabbed as many rare bird specimens as he was able to carry before escaping into the darkness. Kirk Wallace Johnson was waist-deep in a river in New Mexico when his fly-fishing guide first told him about the heist. But what would possess a person to steal dead birds? And had Rist paid for his crime? In search of answers, Johnson embarked upon a worldwide investigation, leading him into the fiercely secretive underground community obsessed with the Victorian art of salmon fly-tying. Was Edwin Rist a genius or narcissist? Mastermind or pawn?

Forensics Val McDermid 2015-07-07 Bestselling author of Broken Ground "offers fascinating glimpses" into the real world of criminal forensics from its beginnings to the modern day (The Boston Globe). The dead can tell us all about themselves: where they came from, how they lived, how they died, and, of course, who killed them. Using the messages left by a corpse, a crime scene, or the faintest of human traces, forensic scientists unlock the mysteries of the past and serve justice. In Forensics, international bestselling crime author Val McDermid guides readers through this field, drawing on interviews with top-level professionals, ground-breaking research, and her own experiences on the scene. Along the way, McDermid discovers how maggots collected from a corpse can help determine one's time of death; how a DNA trace a millionth the size of a grain of salt can be used to convict a killer; and how a team of young Argentine scientists led by a maverick American anthropologist were able to uncover the victims of a genocide. Prepare to travel to war zones, fire scenes, and autopsy suites as McDermid comes into contact with both extraordinary bravery and wickedness, tracing the history of forensics from its earliest beginnings to the cutting-edge science of the modern day.

The Design of Everyday Things Don Norman 2013-11-05 Design doesn't have to be complicated, which is why this guide to human-centered design shows that usability is just as important as aesthetics. Even the smartest among us can feel inept as we fail to figure out which light switch or oven burner to turn on, or whether to push, pull, or slide a door. The fault, argues this ingenious -- even liberating -- book, lies not in ourselves, but in product design that ignores the needs of users and the principles of cognitive psychology. The problems range from ambiguous and hidden controls to arbitrary relationships between controls and functions, coupled with a lack of feedback or other assistance and unreasonable demands on memorization. The Design of Everyday Things shows that good, usable design is possible. The rules are simple: make things visible, exploit natural relationships that couple function and control, and make intelligent use of constraints. The goal: guide the user effortlessly to the right action on the right control at the right time. The Design of Everyday Things is a powerful primer on how -- and why -- some products satisfy customers while others only frustrate them.

Big Sky Kate Atkinson 2019-06-25 INSTANT INTERNATIONAL AND NEW YORK TIMES BESTSELLER Iconoclastic detective Jackson Brodie returns in a triumphant new novel about secrets, sex, and lies Jackson Brodie has relocated to a quiet seaside village in North Yorkshire, in the occasional company of his recalcitrant teenage son and an ageing Labrador, both at the discretion of his ex-partner Julia. It's picturesque, but there's something darker lurking behind the scenes Jackson's current job, gathering proof of an unfaithful husband for a suspicious wife, seems straightforward, but a chance encounter with a desperate man on a crumbling cliff leads him across a sinister network—and back into the path of someone from his past. Old secrets and new lies intersect in this breathtaking new novel, both sharply funny and achingly sad, by one of the most dazzling and surprising writers at work today.

Bloody Genius John Sandford 2019-10-01 Virgil Flowers will have to watch his back--and his mouth--as he investigates a college culture war turned deadly in another one of Sandford's "madly entertaining Virgil Flowers mysteries" (New York Times Book Review). At the local state university, two feuding departments have faced off on the battleground of science and medicine. Each carries their views to extremes that may seem absurd, but highly educated people of sound mind and good intentions can reasonably disagree, right? Then a renowned and confrontational scholar winds up dead, and Virgil Flowers is brought in to investigate . . . and as he probes the recent ideological unrest, he soon comes to realize he's dealing with people who, on this one particular issue, are functionally crazy. Among this group of wildly impassioned, diametrically opposed zealots lurks a killer, and it will be up to Virgil to sort the murderer from the mere maniacs.

Down the Hatch M. C. Beaton 2022-08-23 Beloved New York Times bestseller M. C. Beaton's cranky, crafty Agatha Raisin—the star of her own hit T.V. series—is back on the case again in Down the Hatch. Private detective Agatha Raisin, having recently taken up power-walking, is striding along a path in Mircester Park during her lunch break when she hears a cry for help. Rushing over, she finds an elderly couple, Mr. and Mrs. Swinburn, in the middle of the green—with the body of an old man lying at their feet. The man, who the coroner determines died by poisoning, was known as "the Admiral," a gardener notorious for his heavy drinking, and Chief Inspector Wilkes writes the death off as an accident caused by the consumption of weedkiller stored in a rum bottle. Agatha is not convinced that anyone would mistake weedkiller for rum but carries on with her work at Raisin Investigations, until she receives an anonymous tip that the Admiral's death was no accident. Local gossip points to the Swinburns themselves as the killers, spurred by a feud at the club where they, as well as the Admiral, were members. Distraught at this accusation, they turn to Agatha to clear their name, and she takes the case—despite the warnings of Chief Inspector Wilkes. Agatha encounters one suspicious character after another, becoming further enmeshed in the Admiral's own dark and shady past. And when she's run off the road, narrowly escaping with her life, and then another attack occurs, it becomes clear that someone doesn't want the case closed—and will stop at nothing to prevent Agatha from solving it.

Democracy without Journalism? Victor Pickard 2019-11-01 As local media institutions collapse and news deserts sprout up across the country, the US is facing a profound journalism crisis. Meanwhile, continuous revelations about the role that major media outlets--from Facebook to Fox News--play in the spread of misinformation have exposed deep pathologies in American communication systems. Despite these threats to democracy, policy responses have been woefully inadequate. In *Democracy Without Journalism?* Victor Pickard argues that we're overlooking the core roots of the crisis. By uncovering degradations caused by run-amok commercialism, he brings into focus the historical antecedents, market failures, and policy inaction that led to the implosion of commercial journalism and the proliferation of misinformation through both social media and mainstream news. The problem isn't just the loss of journalism or irresponsibility of Facebook, but the very structure upon which our profit-driven media system is built. The rise of a "misinformation society" is symptomatic of historical and endemic weaknesses in the American media system tracing back to the early commercialization of the press in the 1800s. While professionalization was meant to resolve tensions between journalism's public service and profit imperatives, Pickard argues that it merely camouflaged deeper structural maladies. Journalism has always been in crisis. The market never supported the levels of journalism--especially local, international, policy, and investigative reporting--that a healthy democracy requires. Today these long-term defects have metastasized. In this book, Pickard presents a counter-narrative that shows how the modern journalism crisis stems from media's historical over-reliance on advertising revenue, the ascendance of media monopolies, and a lack of public oversight. He draws attention to the perils of monopoly control over digital infrastructures and the rise of platform monopolies, especially the "Facebook problem." He looks to experiments from the Progressive and New Deal Eras--as well as public media models around the world--to imagine a more reliable and democratic information system. The book envisions what a new kind of journalism might look like, emphasizing the need for a publicly owned and democratically governed media system. Amid growing scrutiny of unaccountable monopoly control over media institutions and concerns about the consequences to democracy, now is an opportune moment to address fundamental flaws in US news and information systems and push for alternatives. Ultimately, the goal is to reinvent journalism.

We Keep the Dead Close Becky Cooper 2020-11-17 SHORTLISTED FOR THE CRIME WRITERS' ASSOCIATION ALCS GOLD DAGGER FOR NON-FICTION 'Brilliant and extraordinary' Philippe Sands 'Astonishing ...
