Understanding Corporate Law Arthur R. Pinto 2009-09-08 Understanding Corporate Law is designed to assist students by offering a clear and comprehensive treatment of key concepts in corporate law. It is a popular study guide for students and has been used by professors to supplement their casebook or as recommended reading. Significant business, economic, and policy issues are highlighted in connection with a thorough analysis of the important cases and statutory provisions used in the study of corporations. It includes the major theoretical approaches used in current corporate law literature. In each chapter, the authors identify important policies and discuss the relationship of the law as it has developed to those policies. Statutory issues are covered under both the General Corporation Law of the State of Delaware and the Revised Model Business Corporation Act. The Third Edition of Understanding Corporate Law discusses developing case law since the Second Edition including the Delaware courts' use of good faith in fiduciary duty cases. The book also reflects the corporate governance issues raised by the corporate scandals and the passage of the Sarbanes-Oxley Act of 2002. A section of Chapter 5 deals generally with that Act, but its impact is also covered in relevant sections throughout the book. This Understanding treatise is designed to be used in conjunction with all of the major corporate law casebooks.

The Ponzi Book: A Legal Resource for Unraveling Ponzi Schemes Kathy Bazoian Phelps 2012-05-19 Covering virtually all legal issues relating to unwinding Ponzi schemes, The Ponzi Book is relevant and timely, given the increased exposure of Ponzi schemes and the substantial litigation that has ensued in the quest to find assets and to make investors whole. Designed to be a comprehensive guide to the complex issues that arise in Ponzi schemes, The Ponzi Book includes a thorough legal analysis to support competing claims and defenses of affected parties, and contains a sophisticated discussion of the administrative practicalities that arise in Ponzi cases. Both practitioners in the field and parties affected by a Ponzi scheme can benefit from the comprehensive coverage of issues in The Ponzi Book. Several chapters are dedicated to increasingly common fraudulent transfer claims (clawbacks) and preference claims arising in Ponzi schemes, along with the defenses that investors, brokers and others can assert to those claims. The book also includes a detailed discussion of a broad array of litigation claims that can be pursued against any type of defendant with culpability or liability due to its involvement in a Ponzi scheme. Separate chapters are dedicated to each of the complicated legal issues of deepening insolvency, standing, and in pari delicto as they arise in Ponzi litigation. Since Ponzi schemes usually involve related criminal proceedings, the book also covers Fifth Amendment and other privilege issues as well as a detailed analysis of what happens to competing claims for assets in parallel insolvency and criminal proceedings. For those seeking to recover assets, several chapters discuss pre-judgment remedies available to freeze assets, contempt proceedings, and service issues both internationally and domestically. The ultimate end game for claimants and those administering the unwinding of a Ponzi proceeding is the claims and allowance and distribution process, and this book offers a sophisticated review of differing approaches and methodologies available in the claims review process. Finally,

the highlights of recent changes in the tax laws relative to tax relief for Ponzi victims are covered to raise awareness of these issues for victims and their tax advisors.

Intellectual Property Craig Collins 2008 "The history and nature of intellectual property; Copyright subsistence; Copyright ownership and exclusive rights; Moral rights; The patent system; Elements of patentability; The trade mark system; Designs; Other intellectual property."--Provided by publisher.

LexisNexis Practice Guide: Georgia Criminal Law Robert L. Persse 2021-06-25 With its concise writing style, streamlined chapter format, abundance of checklists and forms, multitude of references to leading and related cases, cross references to relevant analytical content, and extensive and authoritative guidance, you'll find more of everything that makes a practice guide valuable and easy for you to use. Topically organized, LexisNexis Practice Guide: Georgia Criminal Law covers the entire criminal trial process from jurisdictions to post-trial matters, and much more. Each Practice Guide chapter combines authoritative legal analysis with an expert author's practical insights that have been distilled from years of litigation practice. Georgia Criminal Law includes hundreds of Practice Tips with easy-to-recognize icons that transition smoothly from legal analysis to practical application of a point of law. Chapter parts begin with a detailed practice checklist (more than 60 checklists total) defining the essentials of a major task, e.g., "Raising Error on Appeal" and "Recognizing, Objecting and Presenting Hearsay." Checklists capture the essential steps (what, when, how) of each task with cross-references to relevant authority, forms, and discussion of the topic within the chapter itself.

LexisNexis Workbook Sarah Heathcote 2019 International law is more than a single subject. It is a legal system and differs considerably from domestic law. This can make the study of international law challenging. Designed for first-time international law students or those wishing to refresh their generalist knowledge, this workbook captures the international legal system's structural features and supports learning through a series of practice quizzes and problem questions covering all core areas of international law. Part One of the workbook consists of short topic overviews followed by a mixture of multiple choice quizzes covering the principal features of each topic, and short-answer questions to prompt further reflection and consideration of the relevant concepts. Answers to all questions are provided at the end of each chapter. The second section of the workbook consists of tutorial and exam-style problems. These build in complexity and scope as the reader works through the materials. At the end of the section are worked answers that explain the applicable law. The book concludes with a section providing general advice on essay writing and exam technique in international law.

LexisNexis Questions and Answers Business Law, 2nd Edition Anne Ardagh 2016-03-03 LexisNexis Questions and Answers - Business Law by Anne Ardagh contains questions and problems on a number of topics commonly taught in business or commercial law. Business and Corporations Law Jeff Fitzpatrick 2019 Annotation. Business and Corporations Law 4th edition introduces students to the foundations of the Australian legal system and the principles that govern contract and corporations law, business structures, and management of companies. It provides an overview of financial reporting and auditing and the foundation concepts pertaining to receivership, voluntary administration and liquidation. This book also explains in clear and plain language the nature of corporate membership and the duties of directors tasked with running the business affairs of the company. To support learning of course content within the broader business context, this title includes chapter summaries, margin notes, key cases and legislation, diagrams and flowcharts. It also comes with a suite of online resources for both students and lecturers. Features Chapters 8, 9, 10 and 11 have been revised extensively, with some material being redistributed between chapters to achieve parity across the book's twelve-chapter format. New material on directors, company secretaries, equity versus debt financing, shares and debentures, oppressive conduct and the whistleblowing protection regime has been added. Additional internet references for further reading and end-of-chapter questions are included where appropriate.

Law School Exams Alex Schimel 2018 Law School Exams: A Guide to Better Grades is the complete handbook for students seeking to improve their performance in law school. This book offers a concise and practical strategy that can be applied to almost any law school exam, regardless of topic or level. Alex Schimel is a Lecturer-in-Law at the University of Miami and a leading expert on law school academic success. The new edition offers unique insights by reducing the exam format to a series of repeatable steps. It also teaches students how to prepare for exams, instead of preparing for class, with proven time-management and outlining techniques.
