The Code of Hammurabi Hammurabi 2019-03-04 The Code of Hammurabi is one of the most important monuments in the history of the human race. Containing as it does the laws which were enacted by a king of Babylonia in the third millennium B.C., whose rule extended over the whole of Mesopotamia from the mouths of the rivers Tigris and Euphrates to the Mediterranean coast, we must regard it with interest. But when we reflect that the ancient Hebrew tradition ascribed the migration of Abraham from Ur of the Chaldees to this very period, and clearly means to represent their tribe father as triumphing over this very same Hammurabi (Amraphel, Gen. xiv. 1), we can hardly doubt that these very laws were part of that tradition. At any rate, they must have served to mould and fix the ideas of right throughout that great empire, and so form the state of society in Canaan when, five hundred years later, the Hebrews began to dominate that region. - Taken from "The Code Of Hammurabi" written by Hammurabi

The Story of My Life Helen Keller 2016-02-18 "...every one who wishes to gain true knowledge must climb the Hill Difficulty alone, and since there is no royal road to the summit, I must zigzag it in my own way. I slip back many times, I fall, I stand still, I run against the edge of hidden obstacles, I lose my temper and find it again and keep it better, I trudge on, I gain a little, I feel encouraged, I get more eager and climb higher and begin to see the widening horizon. Every struggle is a victory. One more effort and I reach the luminous cloud, the blue depths of the sky, the uplands of my desire." HELEN KELLER was born on June 27, 1880 in Tuscumbia, Alabama. At nineteen months old an acute illness nearly took her life and left her deaf and blind. At the recommendation of Alexander Graham Bell, her parents contacted the Perkins Institute for the Blind in Boston, and Anne Sullivan was sent to tutor Helen. The story of their early years together, and of Helen's remarkable psychological and intellectual growth, is told in The Story of My Life, which first appeared in installments in Ladies' Home Journal in 1902. With Anne Sullivan, "Teacher," at her side, Helen Keller graduated from Radcliffe College in 1904, an extraordinary accomplishment for any woman of her time. Helen was dedicated to helping the blind and handicapped, raising funds for the American Foundation for the Blind and lobbying for commissions for the blind in thirty states. A women's rights activist, a Swedenborgian, a socialist, and a world-

famous celebrity, Helen Keller received the Presidential Medal of Freedom and many honorary degrees. Her other books include *The World I Live In* (1908), *Midstream: My Later Life* (1929), *Helen Keller's Journal* (1938), and *Let Us Have Faith* (1940). She died in 1968. Her burial urn is in the National Cathedral in Washington, D.C.

The Art of Being Human Michael Wesch 2018-08-07 Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

The Cambridge Companion to Medieval Women's Writing Wallace David 2003-05-22 The Cambridge Companion to Medieval Women's Writing seeks to recover the lives and particular experiences of medieval women by concentrating on various kinds of texts: the texts they wrote themselves as well as texts that attempted to shape, limit, or expand their lives. The first section investigates the roles traditionally assigned to medieval women (as virgins, widows, and wives); it also considers female childhood and relations between women. The second section explores social spaces, including textuality itself: for every surviving medieval manuscript bespeaks collaborative effort. It considers women as authors, as anchoresses 'dead to the world', and as preachers and teachers in the world staking claims to authority without entering a pulpit. The final section considers the lives and writings of remarkable women, including Marie de France, Heloise, Joan of Arc, Julian of Norwich, Margery Kempe, and female lyricists and romancers whose names are lost, but whose texts survive.

The Most Dangerous Game Richard Connell 2020-04-21 From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale "has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill" (The Telegraph). "[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted." —Criterion
