Principles of MANAGEMENT GUPTA, MEENAKSHI 2009-01-29 Modern businesses are placed in a complex and intricate environment. The constraints imposed and the opportunities provided by the nature of the economic, political, legal, social, and demographic factors have a profound impact on the business. Management is a process by which managers continuously reinvent themselves to meet the organizational goals and global competition. A good manager must also possess a sound understanding of human behaviour to develop the most important managerial skill of empathy. This book is a first-level introduction to the field of management enabling students to understand what managers do, what skills are needed by managers, what their basic functions are, and in a nutshell what management is all about. The book elaborately describes the five functions of a manager—Planning, Organizing, Human Resource Management, Leading, and Directing and Control. The chapter-end exercises and practice quizzes encourage the student to rehearse the various concepts learnt throughout the text. The book is useful for students pursuing courses in Business Management both at the undergraduate and postgraduate levels. It is also a useful text for undergraduate students pursuing courses in engineering disciplines and other professional courses where Principles of Management is part of the curriculum. A distinguishing feature of this text is that there is a visible bias of author's training in Psychology.

Essentials of Management Andrew J. DuBrin 2011-01-03 Focus on the fundamental principles and practices of effective management today with DuBrin's comprehensive, yet concise, ESSENTIALS OF MANAGEMENT, 9E. Management Richard L. Daft 2015-01-01 MANAGEMENT, 12E includes several innovative pedagogical features to help students understand their management capabilities and learn what it's like to manage in an organization today. Each of the 19 chapters begins with an opening questionnaire that engages the reader's interest, directly connects to the topic of the chapter, and enables students to see how they respond to situations and challenges that real-life managers typically face. A New Manager Self-Test in each chapter provides students with further insight into how they would function in the real world of management. The Remember This bullet-point summaries at the end of each major chapter section give students a snapshot of the key points and concepts covered in that section. The end-of-chapter questions have been carefully revised to encourage critical thinking and application of chapter concepts, and Small Group Breakout exercises give students the opportunity to apply concepts while building teamwork skills. Ethical dilemmas, all-new end-of-chapter cases, and a fully updated set of On the Job video cases help students sharpen their diagnostic skills for management problem solving. The chapter sequence in MANAGEMENT is organized around the management functions of planning, organizing, leading, and controlling. These four functions effectively encompass management research and the characteristics of the manager's job. Business Management Hannie Badenhorst-Weiss 2008-02 The world is in a constant state of flux, and this influences the operations of every business and organisation. Business Management: A Contemporary Approach deals with these changes by covering the functions of a business or an organisation and then addressing the contemporary issues that affect them. These issues include globalisation, corporate entrepreneurship and citizenship, credit, diversity and HIV/AIDS. Every student of business and business manager needs to understand the importance of these issues and their influence on the operations of a business. Business Management: A Contemporary Approach also highlights the interdependency between the various business functions. This interdependency is very important for a business or organisation to operate as a whole.
