Intermediate Accounting Donald E. Kieso, Ph.D., CPA

2004-06-01 Intermediate Accounting by Kieso,

Weygandt, and Warfield is, quite simply, the standard by which all other intermediate texts are measured.

Throughout the thirty years, and ten best-selling

editions, the text has built a reputation for accuracy, comprehensiveness, and student success. This

Updated Edition features and incorporates the 2005

FASB key accounting standards that have been

updated since the original publication of "Intermediate Accounting, 11th Edition." The Updated Eleventh

Edition maintains the qualities for which the text is

globally recognized, and continues to be your students' gateway to the profession! Included in the package is

the "Problem-Solving Survival Guide."

Ethics in Accounting: A Decision-Making Approach

Gordon Klein 2015-12-17 This book provides a

comprehensive, authoritative, and thought-provoking examination of the ethical issues encountered by

accountants working in the industry, public practice, nonprofit service, and government. Gordon Klein's,

Ethics in Accounting: A Decision-Making Approach,

helps students understand all topics commonly

prescribed by state Boards of Accountancy regarding

ethics literacy. Ethics in Accounting can be utilized in

either a one-term or two-term course in Accounting

Ethics. A contemporary focus immerses readers in real

world ethical questions with recent trending topics such as celebrity privacy, basketball point-shaving, auditor inside trading, and online dating. Woven into chapters are tax-related issues that address fraud, cheating, confidentiality, contingent fees and auditor independence. Duties arising in more commonplace roles as internal auditors, external auditors, and tax practitioners are, of course, examined as well.

Accounting: Information for Business Decisions Billie Cunningham 2020-11-03 Accounting Information for Business Decisions is a business-focused introduction to Accounting for all students - not just those intending to be Accounting majors. Lead students through the real-world business cycle and how accounting information informs decision-making. Departing from the traditional approach taken by other introductory accounting textbooks, students apply both managerial and financial approaches within the topics examined in each chapter, to see the direct impact that Managerial Accounting decisions make on the Financial Accounting processes (and vice versa). The conversational writing engages students in the theoretical content and how it applies to contemporary real-world scenarios. Students follow a retail coffee business in the relatable Cafe Revive running case study integrated into every chapter, to learn about applying accounting issues in the real world. Loose Leaf for Accounting Information Systems
Chengyee Janie Chang 2017-01-03 Accounting Information Systems 2e covers the four roles for accountants with respect to information technology: users of technology and information systems, managers of users of technology, designers of information systems, and evaluators of information systems. Accountants must understand the organization and how organizational processes generate information important to management. The focus of Accounting Information Systems, 2/e is on the accountant's role as business analyst in solving business problems by database modeling, database design, and business process modeling. Unlike other texts that provide a broad survey of AIS related topics, this text concentrates on developing practical, real-world business analysis skills. Whether you are developing a new course for AIS or incorporating AIS materials into your existing curriculum, Accounting Information Systems, 2/e will help prepare your students for their future careers.

MP Loose Leaf Intermediate Accounting Volume 1 with
Annual Report James Sepe 2012-03-09 Financial
accounting is undergoing a period of unprecedented
change. The FASB and IASB have been working
together to issue converged accounting standards that
will dramatically change key reporting areas, and more
generally have sought to converge accounting
standards over time. In late 2011, the SEC will
announce its decision on whether large public
companies in the U.S. will be able to choose whether
to report under U.S. GAAP or IFRS or if all companies
are anticipated to be reporting under IFRS in the near
future. So, while there currently is considerable overlap
between U.S. GAAP and IFRS, and that overlap is
increasing as convergence continues, important
differences remain. To help instructors deal with the
challenging environment, the Spiceland team is
committed to providing current, comprehensive and
clear coverage of intermediate accounting. The 7th
edition reflects this commitment with the following
innovations.

Intermediate Financial Accounting Glenn Arnold 2020

"Intermediate Financial Accounting Volume 1 by G. Arnold and S. Kyle, developed in collaboration by Athabasca University and Lyryx, is intended for a first course in Intermediate Financial Accounting, and presumes that students have already completed one or two Introductory Financial Accounting courses. The textbook reflects current International Financial Reporting Standards (IFRS), such as IFRS 15 – Revenue from Contracts With Customers. This textbook provides a review of introductory accounting concepts and covers all topics essential to a first level Intermediate Accounting course: the conceptual framework and current landscape of financial reporting; statements of financial position; comprehensive income; cash flows and shareholders' equity; cash and receivables; revenue; inventory; property, plant and equipment; intangible assets; and intercorporate investments. For those requiring preparation for CPA designation, competencies as outlined by the CPA are addressed in this textbook. For a detailed competency map, please contact us at info@lyryx.com. It also focuses on more difficult

intermediate accounting topics that match prerequisite requirements for students advancing to a second level Intermediate Financial Accounting course. Topics that are covered in Advanced Financial Accounting courses, such as consolidations and foreign exchange, are not included here."--BCcampus website.

Intermediate Accounting Update Edition with CD-ROM, Net Tutor, Powerweb, Alternate Exercises and Problems

Sepe 2005-01 Intermediate Accounting, 3e, by Spiceland/Sepe/Tomassini will gain support in traditional and technology-driven accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text),

Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.
