Josie and the Digger's Club Pamela Bush 2018-11-14 The Digger's Club members: Josie, Charlie, Lily, and Amy, are plunged right into another case! Their new adventure involves missing cats, who are being stolen by someone in their city of Paradise, Wisconsin. The first MISSING CAT poster, of a lost black and white cat, catches their attention. Just days later, when the third cat is reported missing, the Diggers get involved. Soon, they narrow it down to two, seemingly unlikely suspects. With his mind already made up, and not wanting to hear that everyone is "innocent until proven guilty", Charlie breaks away from the other Diggers to secretly follow someone he believes is the real thief. Can the cats be rescued? Is Charlie right? Can the real cat-nabber be caught before someone gets seriously hurt? Join JOSIE AND THE DIGGER'S CLUB as they solve their new adventure of the CASE OF THE MISSING CATS!

Crap CVs Jenny Crompton 2014-10-09 Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that there is no vacancy but in this case I have caught you red-handed and

you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. Crap CVs is a hilarious compilation of the worst job applications imaginable, including overly-honest cover letters, embarrassing typos, mortifying personal revelations, awkward interview questions, misplaced self-confidence, self-aggrandizing gibberish, blatant truth-twisting and, of course, outright lies.

Reflections on the Commemoration of the First World War David Monger 2020-12-01 The First World War's centenary generated a mass of commemorative activity worldwide. Officially and unofficially; individually, collectively and commercially; locally, nationally and internationally, efforts were made to respond to the legacies of this vast conflict. This book explores some of these responses from areas previously tied to the British Empire, including Australia, Britain, Canada, India and New Zealand. Showcasing insights from historians of commemoration and heritage professionals it provides revealing insider and outsider perspectives of the centenary. How far did commemoration become celebration, and how merited were such responses? To what extent did the centenary serve wider social and political functions? Was it a time for new knowledge and understanding of the events of a century ago, for recovery of lost or marginalised voices, or for confirming existing clichés? And what can be learned from the experience of this centenary that might inform the approach to future commemorative activities? The contributors to this book grapple with these questions, coming to different answers and demonstrating the connections and disconnections between those involved in building public knowledge of the 'war to end all wars'.

Core and Crust Annabel Griffin 2021-08 The Earth beneath our feet feels solid and unmoving. However, Earth's surface is constantly changing and deep beneath the crust is liquid rock. Examine from Earth's red-hot core to the highest mountain, exploring the makeup of the planet we call home. Readers will discover how the planet was formed from dust and gas, what causes earthquakes and volcanos to erupt, and how the continents move across the Earth's surface. A perfect resource for both home and school and for those who prefer fact to fiction. Packed with awesome photographs, easy-to-understand diagrams with the added bonus of some simple experiments to try, learning about Earth has never been so fun.

How to Interpret Literature Robert Dale Parker 2020 "Distinguished in the market by its ability to mesh accessibility and intellectual rigor, How to Interpret Literature offers a current, concise, and broad historicist survey of contemporary thinking in critical theory. Ideal for upper-level undergraduate courses in literary and critical theory, this is the only book of its kind that thoroughly merges literary studies with cultural studies, including film. Robert Dale Parker provides a critical look at the major movements in literary studies since the 1930s, including those often omitted from other texts. He includes chapters on New Criticism, Structuralism, Deconstruction, Psychoanalysis, Feminism, Queer Studies, Marxism, Historicism and Cultural Studies, Postcolonial and Race Studies, and Reader Response. Parker weaves connections among chapters, showing how these different ways of thinking respond to and build upon each other. Through these exchanges, he prepares students to join contemporary dialogues in literary and cultural studies. The text is enhanced by charts, text boxes that address frequently asked questions, photos, and a bibliography"--

Righteous Porkchop Nicolette Hahn Niman 2010-10-19 Asked to head up Robert F. Kennedy Jr.'s environmental organization's "hog campaign," Nicolette Hahn Niman embarked upon a fascinating odyssey through the inner workings of the "factory farm" industry. What she discovered transformed her into an intrepid environmental lawyer determined to lock horns with the big business farming establishment. She even, unexpectedly, found love along the way. A searing account of an industry gone awry and one woman's passionate fight to remedy it, Righteous Porkchop chronicles Niman's investigation and her determination to organize a national reform movement to fight the shocking practices of industrial animal operations. She offers necessary alternatives, showing how livestock farming can be done in a better way—and she details both why and how to

choose meat, poultry, dairy, eggs, and fish from traditionally farmed sources.

The Seven Deadly Sins John Steinbacher 2008-05-05 The popularity of The Seven Deadly Sins dates back to the 4th Century. They enjoyed tremendous notoriety during the period we call the Middle Ages. While the popular assortment of sins is not directly from scripture, they have been the subject of many a sermon, lecture, writing and art. In his book The Seven Deadly Sins: And Why We Love Them, Steinbacher examines each in detail. He gives examples of how they effect us and how we conduct ourselves in this world. Included in this book is Steinbacher's essay, An Angel In My Garden.

Diamonds Ian Smillie 2014-04-10 Diamonds are a multi-billion dollar business involving some of the world's largest mining companies, a million and a half artisanal diggers, more than a million cutters and polishers and a huge retail jewellery sector. But behind the sparkle of the diamond lies a murkier story, in which rebel armies in Angola, Sierra Leone and the Congo turned to diamonds to finance their wars. Completely unregulated, so-called blood diamonds became the perfect tool for money laundering, tax evasion, drug-running and weapons-trafficking. Diamonds brings together for the first time all aspects of the diamond industry. In it, Ian Smillie, former UN Security Council investigator and leading figure in the blood diamonds campaign, offers a comprehensive analysis of the history and structure of today's diamond trade, the struggle for effective regulation and the challenges ahead. There is, he argues, greater diversification and competition than ever before, but thanks to the success of the Kimberley Process, this coveted and prestigious gem now represents a fragile but renewed opportunity for development in some of the world's poorest nations. This part of the diamond story has rarely been told.

Pell's Equation Edward J. Barbeau 2006-05-04 Pell's equation is part of a central area of algebraic number theory that treats quadratic forms and the structure of the rings of integers in algebraic number fields. It is an ideal topic to lead college students, as well as some talented and motivated high school students, to a better appreciation of the power of mathematical technique. Even at the specific level of quadratic diophantine equations, there are unsolved problems, and the higher degree analogues of Pell's equation, particularly beyond the third, do not appear to have been well studied. In this focused exercise book, the topic is motivated and developed through sections of exercises which will allow the readers to recreate known theory and provide a focus for their algebraic practice. There are several explorations that encourage the reader to embark on their own research. A high school background in mathematics is all that is needed to get into this book, and teachers and others interested in mathematics who do not have (or have forgotten) a background in advanced mathematics may find that it is a suitable vehicle for keeping up an independent interest in the subject.

Anne of the Island Illustrated Lucy Maud Montgomery 2021-01-16 Anne of the Island is the third book in the Anne of Green Gables series, written by Lucy Maud Montgomery about Anne Shirley. Anne leaves Green Gables and her work as a teacher in Avonlea to pursue her original dream of taking further education at Redmond College in Nova Scotia. Gilbert Blythe and Charlie Sloane enroll as well, as does Anne's friend from Queen's Academy, Priscilla Grant. During her first week of school, Anne befriends Philippa Gordon, a beautiful girl whose frivolous ways charm her. Philippa also happens to be from Anne's birthplace in Bolingbroke, Nova Scotia.

China Coast Tales (Classic Reprint) Elise Williamina Edersheim Giles 2015-07-01 Excerpt from China Coast Tales Foochow was convulsed, was rent in pieces, by a new excitement. The port was going to sleep commercially, that was certain; but it was always astir socially. True, it was so far away both from Shanghai and from Hong Kong, that it was out of the wash, so to speak, of their social revolutions. But this very distance from the great Eastern centres of fashionable typhoons had given Foochow, in commotions, an individuality of its

own. Foochow had its own particular favourites, leaders of fashion, etiquette, and laws of precedence. In short, it had everything that renders a port formidable to a new-comer and delightful to an old resident. For Foochow had its old residents, the list of whom was headed by the British Consul and his wife, who had adorned the port for the last fifteen years. On the other hand, among the shifting population, i.e. amongst those who made no permanent mark on Foochow society, would have to be reckoned the entire Customs' staff. The Commissioners at any rate had been mostly antiquated, out-of-date men, who looked upon this place as their last post in China, and occupied themselves solely with piling dollars against their coming retirement. The assistants had been either rabid sinologues or affable bachelors. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Historical Dictionary of Ancient India Kumkum Roy 2009 India's history and culture is ancient and dynamic, spanning back to the beginning of human civilization. Beginning with a mysterious culture along the Indus River and in farming communities in the southern lands of India, the history of India is punctuated by constant integration with migrating peoples and with the diverse cultures that surround the country. Placed in the center of Asia, history in India is a crossroads of cultures from China to Europe, as well as the most significant Asian connection with the cultures of Africa. The Historical Dictionary of Ancient India provides information ranging from the earliest Paleolithic cultures in the Indian subcontinent to 1000 CE. The ancient history of this country is related in this book through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on rulers, bureaucrats, ancient societies, religion, gods, and philosophical ideas.
